Summary

An IBM-certified data analyst who's passionate about turning data into actionable insights. I love the challenge of taking complex datasets and creating compelling visualizations that tell a story. Currently seeking an entry-level opportunity to gain experience and help an organization leverage all its data.

Professional Certification

LinkedIn Learning   March 2023
Excel Business Intelligence: Power and DAX
Excel Business Intelligence: Power Query

Coursera   Dec 2022
IBM Data Analytics Professional Certificate

Data Analysis Projects

- Conducted a school improvement needs analysis focusing on the availability of key amenities, extracurricular activities, and special programs using Python and Excel.
- Analyzed the 2022 Kaggle Data Science Survey to gather insights about the current state of data science and machine learning. I used SQL and Python.
- Published a report on Bigfoot Sightings in the US using excel and Power BI, showcasing bigfoot's favorite locations, seasons, and weather conditions.
- Conducted a performance analysis of Mediterranean Company using Excel, looking at its sales and profit.
